OUR HELPERS

"Where do you get rice from?" asked the class teacher."From the shop" said Mani."No" said the teacher." "Find out from your parents and answer me tomorrow. This is today's assignment." said the teacher.

Mani was confused. He went home. His grandmother was annoyed to see confused Mani. She asked" why do you look confused Mani?"

He explained what had happened in the class. She started laughing. Then she explained that we get rice from the paddy field. The seasoned rice reaches the shop through vehicles. She said it is a group work.

Next day Mani explained in front of the class and ended with
